press*release _ 004 - 21

The official website of the MTB Youth European Championships in Pila is online

The work of the Organizing Committee, chaired by Felice Piccolo della Pila Bike Planet, of the European Youth Mountain Bike Championships, scheduled in Pila (Valle d'Aosta) from 28 June to 3 July 2021, continues at a fast pace. And, exactly two months after the 'start' of the races, the official website of the event is online: www.PilaBike.it.

Not yet completed in all its pages, at the moment the site has the nodal sections of the event operational: a direct link - <http://www.uec.ch/en/event/142/2021-uec-mtb-youth-european-championships> - to the website of the European Federation to be able to register for the continental review, registrations open from 18 April; all the information you need to plan the seven days in the Pila basin: the Team area, the parking areas for campers, logistics and the services offered to all athletes and professionals.

In the days before the site went online, the messaging of the Facebook page, @uecmtbyouthchampionships, was invaded by many requests for information, proving the interest aroused by the event which, we recall, in the second edition on the Valle d'Aosta paths, in the 2019, saw just under 600 competitors on the starting line - 204 in the women's races, 382 in the men's under 15 and Under 17 categories -, representing 29 nations.

The general program, which could be modified, foresees, on Monday 28 June, the verification of the cards, the delivery of the bib numbers and, in the late afternoon, the technical meeting of all the races; the next day, Tuesday 29th, the races will begin, with the Time Trial for all categories, women and men. Wednesday 30, the Team relay; Thursday 1 July, the Eliminator Xce; on 2 July, the Cross country reserved for Under 15, male and female. Saturday 3 July, with the Cross country Under 17.
